[13:37] <kinggrub73> If you are planning on playing the story-based DLC coming up, you should try to get to level 40. It will introduce a new level cap, and you don't want to start it at level 35 and have to begin with grinding.

[16:07] <xkeysx97> If ea bought Bethesda I think I would have lost faith in humanity lol

[16:08] <bethemadeagle> like assassins creed ubisoft was like we are not making the same mistake again like unity we will take 2 years for the next assassins creed

[16:31] <bethemadeagle> there is too many

[16:31] <gettwobirdsstonedatonce> I personally donâ€™t think Zelda is even in the running.

[16:31] <xkeysx97> Iâ€™d love too see phil on a session drinking loads of o shots and getting waisted on a stream that would be the best stream ever I would pay top dollar too see that phil make it happen

[16:31] <gettwobirdsstonedatonce> Itâ€™s rigged anyways GOTY
[16:31] <kurojp> Breath of the Wild gets boring fast, Mario Odyssey is a way better game
[16:32] <divanerasmus> no horizon is a need for speed nock off seeing how long need for speed has been doing it before horizon
[16:32] <majorkyon> @DivanErasmus I think mr Mod meant Horizon Zero Dawn
[16:32] <gettwobirdsstonedatonce> Wasnâ€™t Nier Automata released this year?
[16:32] <divanerasmus> really?
[16:33] <divanerasmus> OK my bad
[16:33] <majorkyon> Not Forza
[16:33] <majorkyon> Nier was this year
[16:33] <gettwobirdsstonedatonce> I could see Nier make the list and lose
[16:33] <bethemadeagle> assassins creed origins, mario odyssey, horizon, shadow of war, wolfenstein, evil withing 2, persona, nioh, breath in the wild and south park will be top 10 but definitely not in that order
[16:33] <divanerasmus> I believe Mario odyssey first place then horizon zero dawn
[16:33] <majorkyon> idk if it's GOTY but it's definitely soundtrack of the year for me Kreygasm
[16:34] <bethemadeagle> i mean there were others which could snag 10th spot but might not
[16:34] <blue_blur64> Well Phil gave Zelda a very high score
[16:34] <arnity> Amazing gameplay
[16:34] <bethefueg> Black flag
[16:34] <cookiemonster414> @darksydephil it was in black flag phil
[16:34] <bethefueg> The pirate assassin
[16:35] <gettwobirdsstonedatonce> Itâ€™s gonna be Odyssey Iâ€™d bet my left nut
[16:36] <kjones4140> im white
[16:36] <bethemadeagle> phil didnt finish persona so him putting hat on top 10 would be bullshit
[16:37] <xkeysx97> I never even noo assassins creed rouge existed till a few months ago hahahaha thatâ€™s basically the forgotten assassins creed game
[16:37] <jelsea1973> Has Phil finished the main storyline?
[16:37] <ycea2b> yes
[16:38] <bethemadeagle> i played assassins creed rogue it was like black flag and that should've been the only assassins creed game that year cause fuck unity

[16:49] <kjones4140> @blue_blur64 Bitcoins are electronic currency, otherwise known as 'cryptocurrency'.
Bitcoins are a form of digital public money that is created by painstaking mathematical computations and policed by millions of computer users called 'miners'. Bitcoins are, in essence, electricity converted into long strings of code that have money value.
